CLAIM AMENDMENT

Please **REPLACE** claims 10 with the following.

10 (Previously Amended). A container module, comprising:

a first frame for receiving a display unit, said first frame including a bottom surface and side walls vertically formed at all side peripheral portions of the bottom surface except for one side peripheral portion of the bottom surface; and

a second frame for receiving a light source, wherein said second frame is detachably coupled to the side peripheral portion of the bottom surface of said first frame where the side wall is not formed, the second frame being coupled with the first frame such that the extremities of the second frame are within the periphery of the outer portions of the first frame.

CONCLUSION

All of the stated grounds of objection and rejection have been properly traversed, accommodated, or rendered moot. Applicants therefore respectfully request that the Examiner reconsider all presently outstanding objections and rejections and that they be withdrawn. Applicants believe that a full and complete response has been made to the outstanding Office
